Why do I need a Photography Ticket?

The University campus is private property. Photography Tickets help the University manage public use of the grounds for photography.

Where do I buy a Photography Ticket?

Online [here](#). You will need a Visa or MasterCard and an email address to which your Photography Ticket is emailed. You then print your emailed Photography Ticket to have with you on the day.

I don't have an email address – how do I get a Photography Ticket?

You can ring 08 6488 2440 on weekdays between noon and 4pm. You will be charged an additional \$5 for a Photography Ticket to be posted to you.

The day I want isn't available – why?

The work of the University render weekdays unavailable. Exam days and some other major event days in the University Calendar also prevent photography. We also limit the number of Photography Tickets each day, so they may have all been used up. Finally, we only make days available once the University calendar is fixed – some dates might be too far in the future.

I don't know the day of my photoshoot – can I still get a Photography Ticket?

No. You have to select a specific day when you purchase. Photography Tickets are only valid for the day selected.

Does it matter what time I do my photoshoot on the day of my Photography Ticket?

No. You can come on campus at any time. University Security patrol 24 hours a day.

I need more than an hour's time? What do I do?

You can buy more than one Photography Ticket. Each Ticket gives you an hour on campus. So if you need 2½ hours, buy three Photography Tickets.

It's raining – can I get a refund?

No. Photography Tickets are non-refundable.

What happens if the location I want is being used by another event?

There are many events occurring across the campus every day. We make no guarantee that a specific location will be available for you. If a location is occupied by an event you will have to find somewhere else. You may not intrude on another event.

What happens if I run into another photographic party?

Whilst we limit the number of Photography Tickets issued each day, it is possible you will encounter another photographic party. We expect all Photography Ticket holders to work cooperatively around each other.

Where do I park?

The campus has many car parks. You can find out more about University parking, and download a map, [here](#). You must only park in marked bays, and you must comply with all parking restrictions, instructions and advertised charges.

Why do I have to carry my Photography Ticket with me?

At any time on campus you may be approached by a member of staff or University Security. If you can't produce your Photography Ticket you have the option to buy one from your phone (if available) or be escorted from the campus.

Why can't I take photos in the Sunken Garden or Tropical Grove?

These venues are restricted to wedding parties who book a ceremony. You can book a ceremony from the Conference and Events Team at the University Club. Call 08 6488 4820 or email conf-events@universityclub.uwa.edu.au.

Is commercial photography allowed with a Photography Ticket?

Photography Tickets are restricted to photography on behalf of private clients, such as wedding photography. If your photography is commercial, such as for an advertising campaign, then you must seek permission via University Theatres on 08 6488 7407 or by emailing bookings-theatres@uwa.edu.au.

I'm shooting a video, not taking photos – what do I do?

Film and TV requests are handled separately. You must seek permission from University Theatres on 08 6488 7407 or by emailing bookings-theatres@uwa.edu.au.

Why can't I bring alcohol onto the campus for my photoshoot?

The University is subject to WA licencing laws. To consume alcohol on University land you must first seek permission from the University. For a photoshoot, it's more convenient to use a soft drink substitute.
