Scholarship conditions
• The University of Western Australia is offering scholarships to high achieving students who accept offers for entry into the specified masters programs in 2016, 2017 or 2018. Students will be required to indicate acceptance of their offer and the scholarship no more than two weeks after issue date.
• For GPA assessment, the mark calculated by the applicant’s undergraduate university over the full degree is used to determine eligibility.
• For non-GPA transcripts, a percentage for the final two years, including all failed attempts is used to determine eligibility.
• The scholarship will be offered for the duration of the course as stated on the University’s offer letter, with the expectation that a student will undertake a 100% load (usually 48 points per year) and will not be extended if a student fails to complete with the stated time. Where credit is awarded and impacts on the load taken, the University will consider these instances on an individual basis.
• The scholarship is conditional on a formal assessment and written offer from the University’s admissions team in Perth.
