Established in 1998, Australia Education International (AEI) is ‘the international arm’ of the Australian Department of Education, Science and Training (DEST) and Workplace Relations. AEI integrates the development of international government relations with support for the commercial activities of Australia’s education community. Its mandate is the ‘development of international government relations and support for the commercial activities of Australia’s education community’. AEI’s activities include marketing and promoting Australian higher education internationally, building relationships with potential international partners and students, and providing assessment services for foreign educational and professional qualifications.

The library is arranged alphabetically.
